

The Maribyrnong River runs through the heart of Moonee Valley. For thousands of years, the river has been a lifeforce and a gathering place for all of us.
Now we want you to help tell the story of the river and our community.

The Maribyrnong River Stories project is a new collection of audio stories about the Maribyrnong River.

The collection will feature Wurundjeri histories of the area, reflections on the 2022 flooding event, and stories from the local community.

Moonee Valley City Council wants your feedback on the project, and to hear your Maribyrnong River stories.

It could be a historical account, a memory of time spent beside the river, or the story of a local community group that works in the area. Perhaps you were impacted by the 2022 flooding event.

The final collection will be available online for free, with QR codes at Canning Reserve and Fairbairn Park pointing passers-by towards the resource.
