

CONCEPT PLAN

FOR CONSULTATION

SECTION A

FOR CONSULTATION

Logs and timber steppers create nature play loops amongst the topography and existing trees

Planting provides a buffer between the informal play areas and upgraded fence

Mound height to be increased with existing site soil

Proposed trees to create additional future shade

Reserve fence to be less permeable and suitable for close proximity to play

Existing electrical cabinet

Boulder edge to retain existing service levels

FOOTPATH

TIMBER MULCH

EXISTING GROUND LEVEL

SECTION B

FOR CONSULTATION

PRECEDENTS

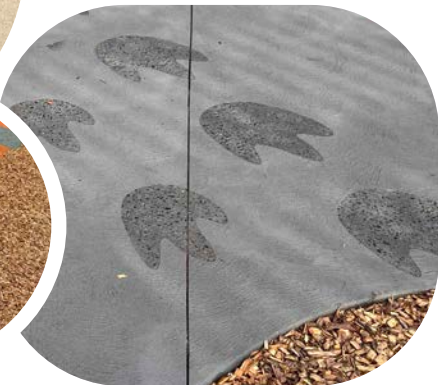

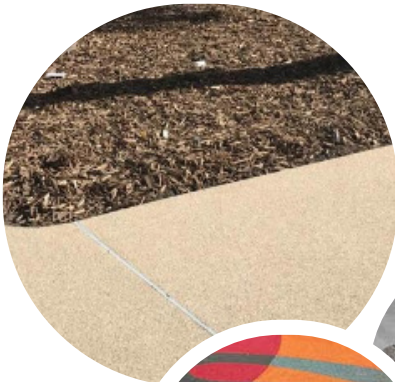

MATERIAL

Proposed materials should respond to their surroundings and afford minimal impact on existing trees.

Artistic and playful patterns are to be incorporated on the court area to encourage a wider range of games and break up a large concrete surface.

Retaining elements may be required to ensure adequate and level spaces. Natural elements, such as boulders, should be utilised to avoid retaining walls.

FOR CONSULTATION

FURNITURE

New furniture elements should promote accessibility and allow for an inclusive play area.

Existing fences should be upgraded to ensure a safe and suitable play environment around the existing trees and beyond

Proposed furniture should complement the existing elements being retained in the design

PLAY & FITNESS

Nature play to be incorporated around the existing trees and take advantage of natural shade and encourage imaginative play.

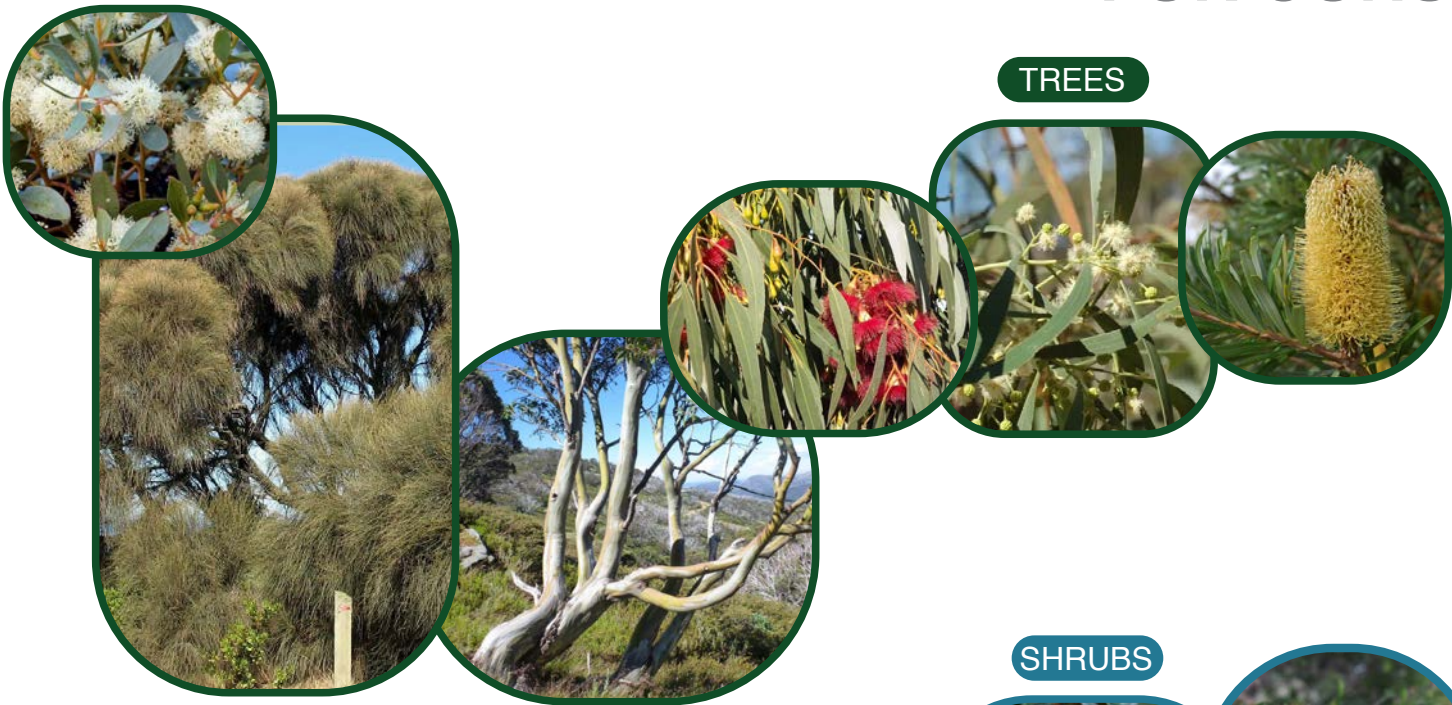

Existing play equipment is to be upgraded to ensure there is no loss of play value. The playspace should utilise the existing levels, where possible, and become a feature of the playspace.

PLANTING

FOR CONSULTATION

CODE	BOTANICAL NAME	COMMON NAME
TREES		
ACA imp	<i>Acacia implexa</i>	Lightwood
ALL ver	<i>Allocasuarina verticilatta</i>	Drooping She-Oak
BAN mar	<i>Banksia marginata</i>	Silver Banksia
EUC 'ED'	<i>Eucalyptus leucoxylon</i> 'Eukie Dwarf'	Dwarf Yellow Gum
EUC pau	<i>Eucalyptus pauciflora</i>	Snow Gum
EUC pla	<i>Eucalyptus platypus</i>	Round-leaf Moort
LARGE SHRUBS (>1.5m)		
MEL dec	<i>Melaleuca decussata</i>	Dwarf Paperbark
RHA spi	<i>Rhagodia spinescens</i>	Saltbush
SMALL SHRUBS (<1.5m)		
DAR cit	<i>Darwinia citriodora</i>	Lemon-scented Darwinia
ENC tom	<i>Enchylaena tomentosa</i>	Ruby Saltbush
GOO ova	<i>Goodenia ovata</i> 'Goodonya'	Goodenia
GRASSES / STRAPPY		
DIA lon	<i>Dianella longifolia</i> 'Forte'	Flax Lily
POA lab	<i>Poa labillardierei</i>	Tussock Grass
WAH con	<i>Wahlenbergia communis</i>	Tufted Bluebell
WSUD		
CAL cit	<i>Calocephalus citreus</i>	Lemon Beauty Heads
CAR app	<i>Carex appressa</i>	Tall Sedge
JUN fla	<i>Juncus flavidus</i>	Yellow Rush
XER vis	<i>Xerochrysum viscosum</i>	Sticky Everlasting Daisy
GROUNDCOVERS		
BRA mul	<i>Brachyscome multifida</i>	Cut-leaf Daisy
CHR api	<i>Chrysocephalum apiculatum</i>	Common Everlasting
MYO par	<i>Myoporum parvifolium</i>	Creeping Boobialla
STA byz	<i>Stachys byzantina</i>	Lambs Ear
